**Principal's Column**

We are now truly half way through the Term. Students are currently busily completing assessment tasks while teachers are preparing to report back to parents on students' progress by the end of the term. We still have a number of exciting events left including the Year 2 and 3 Excursion to the Art Gallery, Under 8’s Day, Twilight Concert and Sports Days.

**Bullying**

Often this is a topic of great interest to parents. Sometimes it is difficult to know when your child is being bullied and when they are involved in normal conflict with another child.

**What bullying is:** Bullying is an ongoing misuse of power in relationships through repeated verbal, physical and/or social behaviour that causes physical and/or psychological harm. It can involve an individual or a group misusing their power over one or more persons. Bullying can happen in person or online, and it can be obvious or hidden.

**What bullying is not:** Single incidents and conflict or fights between equals, whether in person or online, are not defined as bullying. However, these conflicts still need to be addressed and resolved.

Behaviours that do not constitute bullying include:

- mutual arguments and disagreements (where there is no power imbalance)
- not liking someone or a single act of social rejection
- one-off acts of meanness or spite
- isolated incidents of aggression, intimidation or violence.

It's important as parents when we are discussing incidents that happen at school, that we are aware of the differences between what bullying is and what might be just a disagreement between children. If you are concerned about an event that may have occurred between your child and another student, it is important to raise this as soon as possible with your child's teacher, Mr Ben Laws or myself so it can be dealt with swiftly. We follow up every incident reported to us and ensure that we let parents know as soon as possible the outcome of that investigation. Fortunately, bullying as defined above is rare and is dealt with immediately at Bracken Ridge State School.

**Parents approaching other students at school:**

Sadly, I have had a number of complaints in the past couple of weeks of parents approaching other children before or after school in relation to an incident involving their child. It is crucial that if there is a problem between your child and another student, that you approach a teacher, Ben Laws or myself to address the issue. When you approach another child in anger, without adult representation, this can be perceived as intimidation and can be very frightening for the child. It is essential that a staff member handles any concerns you may have about another child so that this can be done in a supportive, child appropriate way.

**Learning walks:**

Mr Ben Laws and I are currently doing our Learning Walks in every classroom, and providing the students' feedback to teachers to inform their own goal setting for teaching and learning.

**What is a Learning Walk?**

A Learning walk is an opportunity to hear student voices about what was taught and what they have learnt. States Greenan (2011): “By recognising the relationship between understanding the curriculum expectations; communicating what is expected to students; constructing success criteria with students in a language that they understand and connecting it to their work; creating meaningful and rich tasks; and using student-based assessment in the classroom that allows all student work to be honoured and viable learning targets to be established by peers and self, all students will forge successfully into the 21st Century”.

**What happens during a Learning Walk?**

During a Learning Walk, five students are selected to answer the following questions:

1. **What are you learning?**
2. **How are you doing?**
3. **How do you know?**
4. **What do you need to do to improve?**
5. **Where do you go for help?**

Students will be interviewed during your Literacy Block so that they understand the context in which to respond to the questions. This is a great way to find out:

- Do students get what they have taught?
- Do students know how they are being assessed?
- Do students know what they are being assessed on?
- Do students know what they need to do to complete the task?
- Do students get feedback that helps them to reduce the gap between where they are and where they need to be?
- Do students know where and how to get help?
- Do students have a learning goal that they are working on? Do they know this goal?

Some of the responses we received included:

1. **What are you learning?**

   - We had to write a short story about a character that faces conflict - Year 6 student
   - We are learning about how ads can persuade us to buy things and the little tricks they trick us with - Year 3 student
   - We are writing a chapter of a fantasy story - Year 5 student
The responses from our students have indicated that they are starting to set higher expectations for themselves in terms of their improvement and achievement at school. This is a result of the hard work of our teachers to ensure that they are making the "success criteria" (what students need to do to be successful in the task) obvious and clear to students. It's really exciting for us to hear how the students are thinking about their learning, and complements our work around what it means to be in our "learning zones", and "brave, strong and courageous" in their learning.

Best wishes.

Melissa Burke.

Neuroscience of the Brain

Resilience - Do You Bend or Break?

Our current focus as part of teaching students to be Strong, Brave and Courageous is a focus on resilience.

Resilience is the ability to bounce back when faced with stress or pressure.

At school, there are a number of situations where students might have to exercise resilience.

- fighting with a friend;
- performing poorly on a test or activity in class;
- teasing or bullying from others;
- having a relief teacher;
- changing seats in the classroom;
- being accused of something you did not do;
- misplacing property that you consider valuable.

Mr White has been talking to students on assembly about having a personal bubble and by being resilient, students are able to keep the integrity of the bubble and when situations similar to those above arise, students use their bubble to bounce things off. On the contrary, if you are not as resilient when faced with challenges, you let things break your bubble.

I also quite like this quote: *A hard fall means a high bounce, if you are made of the right material.*

(Author Unknown)

Some great sites that are also worth visiting for information on resilience:

http://www.ronitbaras.com/focus-on-the-family/parenting-family/14-ways-to-teach-your-kids-resilience

Further building on from what I discussed in last fortnight’s newsletter below are some more representations that explain what it means to engage your PFC, or what happens when you don’t engage your PFC and what needs to happen to ‘climb back up the stairs’.
Fathering Project Wrap-Up

Last Friday we had the first of our Fathering Project events, which was a BBQ at Brighton. All up we had about 14 fathers and an equal number of children. It was fantastic to get a group of Dads together and all have the opportunity to chat, have something to eat and a think about what we could do in the future. The children who turned up also seemed to have a great time.

Ultimately, this is an area that we want to focus on by providing opportunities for Dads to engage more with their children. Whether it be in some ‘kids versus dads’ sporting events, or camping, these are some of the future events that have been flagged.

It was great to make that initial connection with everyone. It would also be great if we could grow the numbers for our next event, so please look at other Dads who you could recruit to join our next event. We are already planning this which looks like being a trip to the Broncos. I’m sure this will also be a lot of fun.

Special thanks to Mr Garath Roberts for his support in organising the event leading up to it and with the preparation and pack-up on the night.

Interschool Sports

Last week was the first round of interschool sports and the first occasion where we’ve had all students from Years 4 – 6 participating.

This in itself was an achievement and I would like to mention special thanks to our wonderful office ladies Mrs Buckley, Mrs Fisher and Mrs Ramage who rang the families of many students to ensure we had all forms back, or verbal permission so no student missed out.

I would also like to say special thanks to all the teaching staff and any parents who supported the students on the day. This term the teachers are also continuing to coach the students once per week. Ms Burke went out to visit some of the students last week, and the feedback was overwhelmingly positive about their experiences.

It seems that we have certainly been able to attain what we set out to achieve i.e. children engaging in sport, in a supportive environment, having fun as well as gaining many health benefits.

Fit’s Cool

Fit’s Cool is off to a great start with approximately 35 students turning up to the first session and about 40 students turning up to the second. Again, it’s been great to see this number of students involved in low to moderate level exercise before school. Not only have students been having fun, they have also been gearing their brains up ready for learning when they enter the classroom.

It would be wonderful to see the number of students attending Fit’s Cool grow even more. Look out, as you may even see some of our staff join in as well, as some obstacles appear on the oval.

Thanks again to Mr Garath Roberts for his organisation and running of these sessions.

QParents

QParents has been created by the Department of Education and Training to provide parents of Queensland State School students with secure online access to their child’s information.

Bracken Ridge State School is currently trialling Qparents.
Parents are now able to update your child's details including address and medical conditions, submit reasons for unexplained absences, notify the school of future absences etc.

Invitations for this have been sent out to families wishing to partake in this initiative. If parents have any questions regarding this, please don’t hesitate to contact the school office.

Thank you and I look forward to sharing more in the next edition of the newsletter.

Regards,
Ben Laws

VOLUNTARY CONTRIBUTION SCHEME

Thank you to all parents who contributed to the Voluntary Contribution Scheme in Term 1. Your financial contribution helps the School enormously. The Voluntary Contribution Scheme is not a school fee but a voluntary financial contribution to the school. This is used for many consumable items that students use "behind the scenes" throughout the school year which is not a part of their class Book List. These include photocopying costs, white paper, coloured paper, cardboard, art and craft supplies, etc. The costs for this is $40.00 per student per year or $10.00 per Term. Your financial assistance is greatly appreciated and will be put to very good use.

ENTERTAINMENT BOOKS ARE NOW AVAILABLE FOR PURCHASE FROM THE SCHOOL OFFICE. GREAT VALUE ONCE AGAIN FOR $65.00. IF YOU WOULD LIKE TO HAVE A LOOK AT SOME FANTASTIC OFFERS FOR THIS YEAR, PLEASE FEEL FREE TO DROP INTO THE SCHOOL OFFICE.

SPORT NEWS

SPORTS DAY (Yrs 3-6 yrs)

Dear Parents,

You are cordially invited to attend the Senior Athletics Carnival being conducted on Tuesday 14th June. Our students have been working hard at developing their Athletic skills in their Physical Education lessons and will compete in the annual Inter-House Carnival covering Long Jump, High Jump, Shot Put, Sprint events (100/200m). Prior to the Pentathlon, students will compete in the Distance events (400/800m) on Monday 6th June. Each child’s performance in each of the events will be allocated points. These points are utilized to generate Individual and House Totals, which will be used to determine the winners of this year’s Inter-House Sports Day and Age Championship medals. On Tuesday 14th June all children will be able to compete in the Sprint, Long Jump, High Jump, Shot Put events. A complete program of events is listed below for your information. Please note however the times are suggested times only and may vary.

We remind all students and parents that children are required to compete in age groups which are determined by each student’s year of birth (that is all children born in 2006 are classified as being in the 11yrs age group, 2005 classified as 12yrs etc.) This classification method replicates District, Regional, State and National School Sport standards. Please note Year 3 students will be competing in both the Junior and Senior Sports Days this year. We also remind students and parents that competitors are to wear shoes at all times (even during events) as we are in a public park. Hats, sunscreen, large drink bottles and personal asthma sprays (for students who self-administer) will also be required for the day. Students were informed on assembly that they are not to paint themselves in coloured zinc or hair spray.

This year we are seeking HELP FROM PARENTS on Wednesday 14th June to assist us to conduct events. No special skills are required and it is a great opportunity to mix with the staff. Parents will be assigned to an age group and will rotate around the rotations so that they don’t miss their child competing. If you can assist, please fill out the slip below and return it to the office.

We look forward to seeing you at the Carnival and sharing your House Spirit (are you ready to run in the parent relay team?).

PLEASE RETURN THIS SLIP TO THE OFFICE

YES I AM AVAILABLE TO HELP WITH THE SENIOR SPORTYS DAY ON TUESDAY 14 JUNE.

### JUNIOR ATHLETICS CARNIVAL – Tuesday 7 June

The Junior Sports Day is going to be held on Tuesday 7 June. We would love to see the parents of children in Prep – Yr 3 attend the day as the students have been training very hard for the occasion. The emphasis for the day is to work together as a team and for each individual student to “have-a-go”. Points will be awarded for both tabloid and races and the winning House will be announced at the end of the Sports Day.

Students have been asked to wear their House shirt for the day and will also require their hat, sunscreen and a large water bottle (with their name on it) and lunch. Students have been informed that they are not to paint themselves in coloured zinc nor coloured hairspray.

Parents are encouraged to have a picnic lunch on the oval with their children during the lunch break and should feel free to bring a picnic blanket etc.

A program of the days activities has been included for your information.

We look forward to you joining us on the school oval for this marvelous event.

**STUDENT BANKING**

Did you know that we do School Banking with the Commonwealth Bank?

It is a great way for your child to learn the concept of saving money, and the school will also receive fundraising benefits when deposits are made through the program.

After registering with Commonwealth Bank for School Banking your child can earn great rewards for saving money. Your child can hand their bank book into their teacher or at the office every Monday or Tuesday with as little at 50 cents for saving. After they have made 10 School Banking deposits they will be entitled to choose from many great rewards on offer by Commonwealth Bank. (Please see above)

Also School Banking is running a wild Grand Prize competition. Commonwealth Bank are giving students the chance to win a family trip for up to two adults and three children to explore Australia Zoo and meet Bindi and Robert Irwin. Plus many extras including 4 nights’ accommodation, 5 days’ car hire and $1000.00 spending money. HOW TO ENTER: Simply make 15 or more School Banking deposits by the end of Term 3, 2016 and you’ll automatically receive an entry into the competition for a chance to win.
